

## **Whole Class Reading Text Map**

Whole Class Reading texts have been mapped out to ensure that there is no cross-over in texts between year groups. When mapping out the texts a number of different school priorities were considered, including:

- 1) Exposing pupils to a wider variety of text types, such as:
  - Non- fiction texts
  - Contemporary and classic poetry
  - Contemporary fiction
  - Fairy tales, myths and traditional tales
  - Fiction from our literary heritage
  - Texts from other cultures and traditions
- 2) Ensuring that reading underpins our curriculum by including texts that link with our curriculum areas
- 3) Exposing pupils to texts that reflect British values
- 4) To continue to develop culture capital opportunities across the school
