Tuesday 11th January

Home Learning

Dear Parents,

This term reception class will be given their log in to Numbots. This will further support your child's addition and subtraction skills. Through these online games pupils can have fun building their own robots as they progress through the addition and subtraction levels.

To sign in please visit www.numbots.com

The child's personalised log in will be stuck into their reading record.

The expectation for children in Reception Class is that they will read every day. One of these reading activities will be on bug club (log in details are in the front of their reading records). They will also log on to Numbots once a week. The children will continue to work through their word cards.

There will now also be a checklist stuck into the reading record so that you can mark off when the activities have been completed.

I hope this information is helpful and thank you for your continued support.

Kind regards,

Mrs Smith
