

Summer Term 2 2023

Class 4 Home Learning

There are 3 areas of homework to complete each week:

1. **Reading:** You should read for 20 minutes each day. The expectation is that you will record when you have read in your Reading Record at home. When you read, think about what you have read, collect examples of rich vocabulary and discuss your book with an adult regularly. Vary the authors, genres and text types you select and strive to read from the Reading Rocket selection often.
2. **Maths:** You should log on to Times **Tables Rock Stars and Numbots** at home at least 3 times each week to practise your tables and arithmetic skills.
3. You need to choose either an **English or a maths activity** to complete in your homework book and hand this in on **Monday**. Try to choose from each section over the term. Books will be returned to you each Thursday.

Trying your very best, being organised with homework and meeting these expectations will result in house points, stickers or certificates and, of course, you will be learning, practising key skills and becoming an independent learner. If homework is not handed in, the consequence will be to complete the missing work during break time on Friday morning.

English Activities:

- Write 6 sentences using possessive apostrophes with irregular plurals. Eg: Unfortunately, the boys' footballs were all punctured.
- Write a non-chronological report about your favourite animal. Remember to include: Heading, subheadings for each paragraph, facts and interesting information. Challenge: Try to include formal language, fact boxes and technical language.
- Current Affairs – Can you research a news article that you find interesting? Put together a short presentation or powerpoint to share with the rest of the class. Any Powerpoints, please email to the office so that we can share them.
- Write a conversation between 2 characters to show that you know how to use inverted commas around speech and put other punctuation (commas etc.) in the correct place.
- Try the spelling challenge to help you learn your year 3 and 4 spelling words. Take a sheet from the class.
- Have a go at the Viking Comprehension. Apply your reading skills and learn about the Vikings at the same time!
- ICT: - Use the (free) StopMotion app and create your own short story.

Maths Activities:

- Try the Top marks compare decimals activity using the link below
<https://www.teacherled.com/iresources/decimals/comparedecimals/>
- Test your decimal knowledge by trying one of the activity sheets
- Can you give the correct change from £5? Work out the change you need to give using the information on the worksheet.
- Practise your times tables using Hit the button times tables game. You can select a mixture of times tables or one you find tricky. Try the division skills too on the link below.
<https://www.topmarks.co.uk/maths-games/hit-the-button>
- Can you solve the 5 coins maths problem below?

Ben has 5 coins in his pocket. How much money might he have? How can you make sure you find all the totals? How can you make sure you don't repeat any totals? It may help to limit yourself to a few types of coins first so that you develop a good system.
- Try a word problem challenge sheet
