

Thursday

Phonics:

In your child's reading folder, there should be a sheet of Harder to Read and Spell words to practice.

Choose one of the games to play to practice reading these words.

The 'HRSW 5' game includes the words we are currently looking at this term so if you know all the Harder to Read and Spell words, try this game.

Use the online dice to play:

<https://www.online-stopwatch.com/chance-games/roll-a-dice/>

You just need to click on the dice to generate a new number.

Topic work:

Design your own ice lolly, ice cream or ice cream sundae using one of the templates. Think about your favourite flavours and what you would like it to look like.

If you have ice cream at home, make your own ice cream sundae instead.

What name would you give it?

If you do not like ice lollies or ice cream, can you invent your own race for sports day.

Sports day is coming up. What race would you enjoy?

To keep cool indoors, you could choose an indoor activity and make it with your toys.

For example, Build a lego tower in 1 minute.
